Our first watershed planning meetings were held in July and October. We gave updates on our work and had some great conversations about the watershed and the next steps in the project. If you missed the meetings, you can check out the website to get caught up on some of the issues we discussed.

Upcoming meetings (these two meetings will have the same agenda):

January 14, 2012, 12:30pm: After the hike in Castlewood

January 17, 2012, 6:30pm: Powder Valley Nature Center ([map](#))

Check the [events page](#) on our website for updates, and [RSVP for the January events](#).
